Elite Systems Inc.
My Lords Hill
St. Michael**

Dear Mr. Baldeo

Every year the successful staging of Community Independence Celebrations is the result of the voluntary efforts of a large number of organisations around Barbados.

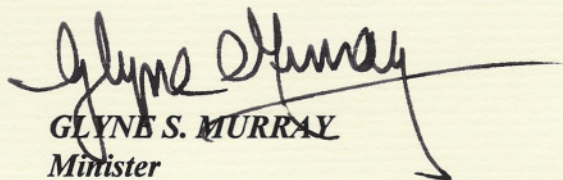

Your organisation ranks high among those who made the 2000 festivities the undoubted success that they were.

I write on behalf of the Barbados Government, and more particularly the Community Independence Celebrations Secretariat, to record our deep gratitude for the important part your organisation played in this year's celebrations.

We are sure that your body still has a great deal to contribute to the further development of the celebrations and we look forward to its continued inputs.

We wish you and your organisation every success in 2001 and beyond.

Sincerely

GLYNNE S. MURRAY
Minister
